Using the engine oil finder will ensure you get the right spec oil for your car. Bear in mind that more than one grade of oil might be recommended. For example, 5w30 engine oil and 10w40 engine oil might be suitable for your car. The oil finder system also tells you how much oil your car needs and how often you need to change your oil. It really does take all the guesswork away when selecting which engine oil suits your car.

A Volkswagen dealership is always kept up to date on innovations. Volkswagen therefore recommends having engine oil changes done by a Volkswagen dealership. The quality of the engine oil is not only tailored to the requirements of engines and exhaust gas treatment systems, but also to fuel quality. Due to the way in which a combustion engine works, engine oil always comes into contact with combustion residues and fuel, which has a knock-on effect on the ageing process of the oil.
